ADVANCED SKIN NEEDLING .

Our Advance Skin Needling Course is designed for students transitioning from a beauty therapy or nursing background into the exciting world of dermal therapies, and for students wanting to introduce Advanced Skin Needling into their business.

Facilitated by our experienced and qualified Educators, this course has been tailor made to give you the required knowledge and skills to confidently and safely perform Advanced Skin Needling treatments within a clinical setting.

Theoretically, you will gain an understanding of wound response, fibroblast activity and collagen synthesis. Our Educators will guide you with all the tools necessary to provide an effective client consultation and clinical experience.

The practical training is considered a key element to your course. Using a variety of industry leading Advanced Skin Needling devices, you will be creating a controlled minor wound within the skins tissue promoting collagen induction therapy.

You will perform intensive hands-on Advance Skin Needling treatments with real clients, experiencing real industry expectations of a clinical environment at our industry leading facility.

COURSE DETAILS .

COURSE PRICE

\$899
